

# 10 hours of expert cyber advice, when you need it.

**Cyber 10 is a cyber insurance policy for SME businesses which provides up to 10 hours of advice from our Cyber Emergency Response Team, following a data breach or cyber attack.**

**From lost laptops to phishing emails, malware and hackers, the cyber threats to businesses are difficult to ignore.**

You know you need to protect your business, but with an ever-increasing number of cyber insurance policies available to buy, you need to make sure you find the one that's most suitable to your business.

## **Why should you choose Cyber 10?**

If you're an SME with a turnover of £5m or below, and are looking for basic cyber insurance cover to provide reassurance that advice and guidance is on hand should you suffer a data breach or cyber attack, then Cyber 10 could be the right product for you.

**Cyber 10 is a simple, stand-alone policy offering practical and reassuring advice, delivered by telephone, at an affordable price.**

If you need to make a claim under the policy, our team of cyber forensic experts will be on the other end of the phone to guide you through the steps you need to take to get your business back up and running.

This practical advice is delivered by telephone, and could include:

- An initial assessment of the risk, giving guidance on immediate actions to be taken
- Expert advice to ensure you comply with data security law
- Guidance on your defence of a liability claim made against you arising exclusively out of the data breach
- Help with contacting customers affected by the data breach, including public relations support
- Assistance on the steps to be taken to restore email systems, online services and IT software

Cyber 10 will provide up to 10 hours of advice for each claim that you make throughout the period of your insurance policy.

**Expert help is only a phone call away with Cyber 10, which means you can continue doing what you do best - running your business - safe in the knowledge that professional advice is on the other end of the telephone if disaster strikes.**

**Speak to your broker about Cyber 10 today.**
